Year 1 Homework Grid

In Geography we are studying: **Weather changes**. In DT we will be making: **Puppets**. In Drawing Club we will be looking at the books 'One Snowy Night' and 'One Christmas Eve' and we will be writing autumn acrostic poems.

Below are some ideas for homework projects this term. Please feel free to adapt and be as creative as you wish. We would love to see at least 4 pieces of homework completed each term that we will share throughout the week. They can be brought in, sent on Dojo or emailed to us.

Please read with your child and share any books they bring home from the school library or that you have already – please record ALL reading in the reading log so we can count it towards the century challenge.

Baking

Can you bake some healthy muffins? What could you add to them?

Here is a recipe you could follow:

https://happykidskitchen.com/healthy-strawberry-banana-muffins/

Geography

Can you create a poster or a piece of art on the 4 seasons?

Which is your favourite season and why?

Mental Health and Well-Being Task

Go for a wet welly walk with an adult. What can you see and hear? Can you spot the objects described in the autumn and winter scavenger hunt?

Compare the changes from autumn to winter.

DT

This term we will be making puppets in DT. Can you create a puppet for a member of your family? Don't forget your pets!

You could try making a stick puppet, a finger puppet, a sock puppet or even a toilet roll puppet.

Writing

Use this link to find out fun facts about winter…
https://learningmole.com/20-fun-facts-about-winter-for-kids

Can you write a winter fact file? Remember to include lots of colourful pictures!

Read

Use this link to listen to a story with your grown up:
https://storylineonline.net/

Share your thoughts on the stories you listen to.

Art

Can you create some artwork inspired by Bonfire Night?

Think of bright colours lighting up the dark night sky.

Music/Poetry

Can you create your own piece of music or a poem about winter?

You could try to write an acrostic poem.

Weather watchers

Can you be a weather reporter? Keep a diary of the weather over a week to bring in to class and share your findings with the class.

You could even make some props to help.
